Our partner factory, Cangzhou

ABOUT US

Mason Piping Global helps global buyers source reliable piping products from Cangzhou, China, one of the country's leading production hubs for industrial piping components.

We work hand in hand with a dedicated group of manufacturing partners in Cangzhou. Forging, hot forming, machining and testing all happen within a short drive of each other, and we follow every order closely, from raw material to packing, with regular on-site visits. That close integration gives you factory-level pricing with the flexibility of a single point of contact.

We serve oil & gas, petrochemical, pipeline and industrial buyers worldwide. Our partner factory in Cangzhou, which you're always welcome to visit, is certified to ISO 9001:2015.
